The **Parties** agree that failure to comply by a **Client/BPC Holder** with these obligations is considered action or inaction leading to the unauthorised use of the **PIN code**, and responsibility for all payment transactions performed using the **PIN code** is borne by the **Client/BPC Holder**. The **Parties** have agreed that failure to comply by the **Client/BPC Holder** with these obligations is considered action or inaction leading to the unauthorised use of the **BPC**, its details, **PIN code**, **Mobile Payment Application Token** or other information that makes it possible to initiate payment transactions, and the responsibility in such case is borne by the **Client**.

The execution of a current account payment transaction using a **BPC** shall be initiated via submitting by the **BPC Holder** a payment instruction to the relevant payment system participant or via using the **BPC** by the **BPC Holder**. The **BPC Holder** confirms his/her consent to a payment transaction using the **BPC** and the signing of a payment instruction by initiating the transaction using the **BPC** and/or by the corresponding information about the performed payment transaction received from the **IPS**.

Transactions using the **BPC** are performed within the available balance of funds on the current account.

The **Client** is obliged to independently regulate relations with the **BPC Holders** regarding the performance of expenditure transactions on the account.

The **Client** is responsible for the timely and correct taxation of account transactions in accordance with the effective **Legislation**.

- if the transaction currency is hryvnia and the transaction is performed in a foreign outlet/service, which performs settlements through an acquiring bank outside Ukraine, a double conversion takes place, while the transaction amount is converted by the **IPS** into US dollars at the exchange rate set by the **IPS**, taking into account the commission fee of 1% of the converted amount, presented to the **IPS** for debiting within 30 calendar days from the transaction date, and converted by the **Bank** into the currency of the current account at the exchange rate of the currency of current account to US dollar set by the **Bank** for **BPC** as of the day of debiting funds from the current account.

The **Bank's** exchange rate for **BPCs** can be viewed on the **Bank's Website**. The exchange rate difference from the conversion of the amount from one currency into another one cannot be the subject of claims by the **Client**.

In order to minimise the risks of performing fraudulent transactions with the **BPC**, the **Bank** and the **Client** have agreed that the **Bank** sets limits for performing transactions using the **BPC**, the information about which is posted on the **Bank's Website**.

If it is necessary to change the limits for performing transactions using the **BPC** (does not apply to the cash withdrawal limits established by the **Operation Regulations** or the **Legislation**), the **Client** can contact the **Bank's Contact Centre**.

The **Bank** accrues the late penalty on the unauthorised debt in the amount of the double refinancing rate of the National Bank of Ukraine in effect during the period for which the late penalty is paid, off the amount of the debt as of the time specified in the **Bank's Operation Regulations**. The accrued late penalty is paid by the **Client** on the day of accrual thereof. The funds on the account are first and foremost used to pay the **Client's** late penalty, and then to repay the unauthorised debt.

The **Bank** is obliged to credit salaries to the accounts of the **Client's** employees within two (2) business days upon the date of receipt thereof.

The **Client** undertakes to simultaneously transfer the amount of the **Bank's** commission for crediting the salary funds and other payments provided for by the **Legislation** to the current accounts of the **Client's** employees, where provided for by the agreement with the **Client**. Simultaneously with the crediting of salary funds, the **Client** undertakes to provide the **Bank**, by means of the **System**, with an electronic payroll sheet executed in accordance with the template received from the **Bank** and indicating the amount of funds to be paid to each employee of the **Client**, signed by persons authorised to sign payment instructions in accordance with the effective **Legislation** and the **Client's** constituent documents.

A payment transaction is initiated by the **Client** providing a payment instruction to the **Bank**, or by the **BPC Holder** providing a payment instruction to the relevant participant of the payment system, or by using the **BPC** by the **BPC Holder**. A payment transaction is considered accepted after the **Client/BPC Holder** gives his/her consent to its performance.

By signing/confirming each separate payment instruction (electronically or manually), the **Client/BPC Holder** gives the Bank his/her consent to the performance of each payment transaction initiated by the submission of the payment instruction or by using the **BPC** respectively. The **Client’s/BPC Holder’s** payment transactions performed by the **Bank** before the date of entry into force of this version of the **General Terms and Conditions** are considered approved by the **Client/BPC Holder** and cannot be recognised as non-accepted payment transactions on these grounds.

Direct debit transfer of funds established before the date of entry into force of this version of the **General Terms and Conditions** is considered confirmed and agreed with the **Client** and cannot be unilaterally cancelled by the **Client**.

The **Client’s** consent to the performance of payment instructions may also be contained in these **General Terms and Conditions**, and/or service contracts, and/or other contracts concluded between the **Parties**, including with the participation of third parties, regardless of the date of their conclusion.

During the performance of the initiated cash transfer in the **System**, before it is debited from the **Client’s** account or until the value date by the end of the **Operation Time** preceding the value date, the **Client** may withdraw the payment instruction, subject to agreement with the **Bank**, by cancelling it on his/her own in the **System** or by contacting the **Bank’s Contact Centre**.

After the funds are debited from the **Client’s** account, the **Client** incurs a monetary obligation to the **Bank** or a third party, if provided for by the agreement concluded between the **Parties**, or the **Client** has a debt to the **Bank**, including unauthorised debt, the **Client** shall be deemed to have irrevocably accepted the payment instruction and agreed to perform the payment transaction. The **Client** cannot withdraw such payment instruction and such consent.

The date of the performance of the order, cash transfer document and payment instruction is considered to be the day of receipt of such document by the **Bank**, provided that such order is received during the **Bank’s Operation Time** as established in the **Operation Regulations**. If the order, cash transfer document or payment instruction is received after the **Operation Time**, it is performed in accordance with the terms and conditions of the **Operation Regulations**.

The **Bank** may postpone performance of the order, cash transfer document and payment instruction of the **Client**, as well as crediting the transfer amount to the **Client’s** account until the **Client** provides additional information/documents on the transfer if such transfer is subject to additional verification in accordance with the Law of Ukraine “On Prevention and Counteraction of Legalisation (Laundering) of Proceeds from Crime, Financing Terrorism and Financing Proliferation of Weapons of Mass Destruction” and the Bank’s by-laws developed in pursuance thereof, for no more than two **Operation Days** for internal bank transfers and three

Operation Days for inter-bank transfers. Funds of the **Client's** postponed transfer are considered an unfinished transfer until they are credited to the payee's account.

If the **Client** fails to provide the information/documents on the transfer requested by the **Bank**, as well as in the cases provided for by the Law of Ukraine "On Prevention and Counteraction of Legalisation (Laundering) of Proceeds from Crime, Financing Terrorism and Financing Proliferation of Weapons of Mass Destruction", the **Bank** is authorised to reject the postponed transfer, and return the funds not credited to the **Client's** account to the sender.

Payment transactions in foreign currency are performed in accordance with the requirements of the **Legislation**, the Memorandum on Transactions in Foreign Currency posted on the **Bank's Website**, the **Bank's** by-laws, provided that:

- The **Client** has provided the **Bank** with a payment instruction and documents that form the basis for the relevant payment transaction;
- Following verification of payment instruction and documents, the **Bank** has made sure that the **Client** has legal grounds to carry out the currency transaction;
- The balance of funds in foreign currency on the **Client's** account is sufficient at the time of receipt of the payment instruction (except for payment instructions of the collector) to execute it.

The **Bank** shall credit the amount of funds of the payment transaction in foreign currency to the **Client's** account on the basis of the received SWIFT message (hereinafter referred to as the "message"). In case of receipt of the message with all the details filled in, the **Bank** shall credit the funds in foreign currency to the relevant account of the **Client** in accordance with the value date specified in such message or no later than the day following the day of receipt by the **Bank** of the correspondent account statement from the correspondent bank.

In case of temporary non-operability of the **OTP token** or the **Client's** need to receive a new **OTP token** for another reason, the **Bank** may provide it via the **Third Party**. The procedure for and conditions of the **Bank's** direct debit transfers may be stipulated in the direct debit transfer agreement, bank account agreement, all types of loan agreements and other banking service agreements concluded with the participation of the **Parties**.

Direct debit transfer in favour of the **Bank** is performed in the manner and under the conditions defined by these **General Terms and Conditions**, unless other individual rules are stipulated by the **Parties**.

Direct Debit Transfer for the Purpose of Performing the Client's Financial Obligations

In order to repay all the **Client's** monetary obligations in accordance with **FATCA** requirements and/or all obligations to the **Bank** arising from the agreements concluded between them, the **Client** gives to the **Bank** irrevocable consent, authorises and instructs it to perform on any day direct debit transfers in the amount equivalent to the **Client's** monetary obligations at the time of such debit transfer from all the **Client's** accounts with the **Bank** (current, deposit ones), the details of which are or will be specified in the agreements, whereunder accounts with the **Bank** are or will be opened for the **Client**. If the **Client's** obligations arose for him/her as an individual or as an entrepreneur, the direct debit transfer for the repayment of such obligations can be performed from the **Client's** accounts opened to him/her as an individual and as an individual entrepreneur.

If there are no funds or funds on the **Client's** accounts in the currency of the Client's monetary obligations are insufficient, the **Client** gives to the **Bank** irrevocable consent, authorises and instructs it to perform the direct debit transfer and a transaction for the purchase/sale/exchange of the necessary foreign currency with the **Bank** itself or in the Ukraine FX Market on behalf of the **Client** at the expense of the currency available on the **Client's** accounts or the currency deposited by the **Client** to the **Bank's** transit account and use the received foreign currency to repay the **Client's** obligations.

The provisions specified in this section are considered by the **Client** and the **Bank** as an application for the purchase/sale/exchange of foreign currency, and therefore these provisions will be implemented without the **Client's** submitting a separate application for the purchase/sale/exchange of foreign currency or other additional documents.

Any payment transactions for direct debit transfers from the **Client's** accounts are considered as those for which irrevocable consent has been given by the **Client** to the **Bank** from the date of application of these **General Terms and Conditions** to the **Client**, regardless of the date of signing such contracts or other documents stipulating such direct debit transfers. After the emergence of the **Client's** monetary obligation to the **Bank** or a third party if stipulated by the agreement concluded by the **Parties**, or existence of the **Client's** debt to the **Bank**, including unauthorised one, the **Client** cannot withdraw the payment instruction and his/her consent to the performance of the payment transaction for direct debit transfer until such obligation is repaid in full.

If the **Tariff** type chosen by the **Client** has a term of validity, which may be stipulated by the **Tariffs**, the legal entity **Client** entering into a current account maintenance agreement gives consent to the terms and conditions of service related to the term of validity of the **Tariff** type and stipulated in the **Tariffs**. The **Client** has the right to independently change the **Tariff** type by submitting a corresponding application to the **Bank** using the **System** or in the **Bank's** branch, if such a change is provided for by the **Tariffs** and/or the terms and conditions of the agreements concluded by the **Parties**. Unless otherwise agreed by the **Parties**, the legal entity **Client** will be serviced in accordance with the changed **Tariff** type from the first day of the month following the one in which the application for such a change was received and confirmed by the **Bank**. The specified procedure for changing the **Tariff** type by the legal entity **Client** does not require the **Parties** to conclude a separate contract, additional agreement or other deals on this.

The **Client** and the **Bank** may agree on commissions and fees for the services received by the **Client** other than those provided for in the **Tariffs**. The **Client** also undertakes to pay for the services of **Third Parties** (correspondent banks, payment systems, etc.) provided by them when performing the **Client's** transactions.

The **Client** instructs the **Bank** to perform direct debit transfer from his/her account of the amounts of fees for the **Bank's** payment transactions and remuneration for other services received by the **Client** on the respective payment dates as specified in these **General Terms and Conditions** or as set by the **Third Party** for its services.

In case of insufficiency or absence of funds in the **Client's** account for the direct debit transfer to pay the monthly account maintenance fee, the **Bank** shall debit the **Client's** account daily until the accrued fee is paid in full. In case of insufficiency or absence of funds in the **Client's** account for the direct debit transfer to pay the **Bank's** commission/fees for the provision of other services, the relevant service cannot be provided by the **Bank**.

Unless otherwise established by the agreement between the **Bank** and the **Client**, in case the **Client** delays payment for the **Bank's** services, the **Bank** has the right to charge from the **Client** a penalty of 0.25% of the overdue amount, but not more than the double refinancing rate of the National Bank of Ukraine in effect at the time of delay, for each day of delay. Penalty can be paid by the direct debit transfer from the **Client's** current account. Upon the **Bank's** request, the amount of the penalty must be paid by the **Client** independently by transferring funds to the account indicated by the **Bank**.

Currency

Fees for the provided services, commissions and other fees are paid by the **Client** in Ukrainian hryvnias or in the currency of the account, in the cases determined by the **Bank**. The services of **Third Parties** are paid in the currency indicated by them.

8. TERMINATION OF BUSINESS RELATIONS

The Right to Terminate Business Relations

The **Parties** have the right to terminate the agreement on the grounds and in the manner established by the agreement, and/or the **General Terms and Conditions**, and/or the **Legislation**.

Agreements between the **Client** and the **Bank** cannot be terminated at the **Client's** initiative if there are outstanding obligations of the **Client** to the **Bank**.

The account maintenance agreement is terminated in case of closure of the **Client's** account in the cases provided for by the **General Terms and Conditions** or the **Legislation**, or the agreement between the **Parties**.

In order to terminate the account maintenance agreement at the **Client's** initiative, the **Client** must submit to the **Bank** a written application for closing the account executed in the form established by the **Bank**, or send it using the **System**. Along with the application, the **Client** must submit to the **Bank** a payment instruction for the transfer of funds from the **Client's** account to its other account. The **Bank** has the right not to accept applications for closing the account from the **Client** if a payment instruction for the transfer of funds is not submitted simultaneously.

Closure of Accounts

The **Bank** has the right to suspend the provision of a service and/or services in general in full or in part if the **Client** fails to pay the cost of the previously provided services of the **Bank** within a period of over two calendar months. In this case, the **Client's** current/savings accounts shall be closed. By violating the term of payment for the **Bank's** services, the **Client** acknowledges and accepts the consequences of such violation, including the closure of his/her accounts without additional warning or notification.

The **Bank** has the right to close the **Client's** account in the presence of the grounds stipulated by Article 69 of the Tax Code of Ukraine. The balance of funds on the **Client's** account is returned to that **Client**.

After closing the **Client's** account, the **Bank** stores on its account the **Client's** funds, which were available on the **Client's** account at the time of its closure, without charging and paying the **Client** a fee for such storage. Subject to the statute of limitations, the **Bank** returns them to the **Client**, upon his/her first written request, subject to the terms and conditions of the **Operation Regulations** and the **Tariffs** established by the **Bank** and valid at the time of the **Client's** corresponding request for a refund. The **Client** agrees that the **Bank's** implementation of the above method of refund after account closure is the **Bank's** proper performance of its own obligations to return the **Client's** funds after account closure. At the same time, the **Client** instructs the **Bank** to withhold the amount of expenses related to making a refund from the amount of funds subject to refund.
